

Swim England Essex Secretary's Report for 2019

2019 has been a busy year with the new constitution approved and distributed. Part of this process included the change of name for the county to Swim England Essex to align itself with the governing body. It was decided at the same time to review the logo and this was signed off in October. I would like to thank my colleagues on the Committee for their help and support in getting these changes through.

The take up of the coaching bursary has been disappointing again this year and there still remains around £11,000 to be allocated. One of the major issues is the lack of level 3 coaching courses which unfortunately the County has no control over.

2020 should be a quieter year with no major changes proposed.

Henry Watkinson
Secretary
