

## Welfare report for 2020

Following a very unusual year, hopefully club welfare officers have finally received the new Wavepower book 2020-2023.

We have also had plenty of opportunities to update our own safeguarding training with many courses being online, thus ensuring that Clubs affiliation is up to date as well as making sure the safeguarding certificates have been reordered on the OMS.

East Region Joanne Stalley Regional office is available should you require her assistance at [welfare@eastswimming.org](mailto:welfare@eastswimming.org)

There are some great resources available to download on the Swim England website, so please make sure you look a look.

Stay Safe

Wash your Hands

Remember to Social Distance

Cheryl Ellis

County Welfare Officer
